WORK EXPERIANCE

Legal Assistant

Solutions Corporate Law Clerk Services

10/2021 - 08/2022 Toronto, ON

- Worked in a fast-paced office, taking on multiple corporate filings, extra-provincial registration, invoicing, large document organization, and other tasks.
- Communicated professionally with law firms, directors, and other clients to provide them with a personalized service, resulting in great feedback on my work.

Research Assistant

Genomadix 09/2018 - 05/2019 Ottawa, ON

- Utilized microbiological techniques to test bacterial samples and navigate Biosafety Level 2 lab.

Shipping Clerk

Hotspot Auto Parts 05/2016 - 05/2018 Toronto, ON

- Managed stock of an auto parts store carried heavy equipment and general tasks around the store, which resulted in meeting expectations and tasks well done.

MY OPEN-SOURCE WORK

FaveFlix

Application made with the MEAN stack framework to manage movies. Made with Angular and designed by Angular Material. Utilizing a RESTful API and a MongoDB database.

GitHub: https://github.com/hakobya4/myFlix-Angular-client

Meet App

Serverless, progressive web application (PWA) with React using a test-driven development (TDD) technique. The application uses the Google Calendar API to fetch upcoming events.

GitHub: https://github.com/hakobya4/meet

ZestFriends

An application that allows users to chat with each other. Made with React Native, Gifted Chat, and Firebase to store and sync data in real-time.

GitHub: https://github.com/hakobya4/hello-world
